

The Consilio Consulting Bulgaria EOOD is searching for a

## Consultant SAP Supply Chain Management (m/f/d)

Sofia (Bulgaria)

### YOUR TASKS

- You function as an expert for technical implementation of SAP Supply Chain Management (SCM) solution with ABAP and new technologies (UI5, ODATA Services, Hybrid System Landscape)
- For this you develop, optimize and customize the processes in Integrated Business Planning (IBP), sales, procurement or manufacturing
- You will support several S/4 HANA projects in Bulgaria and Germany remotely
- You are responsible for the planning and implementing the technical SAP solution, including the associated tests
- You coordinate independently and across projects with contact persons at the customer as well as with internal project managers

### YOUR TALENTS

- Relevant work experience as an SAP Consultant with strong expertise in SAP logistics modules, knowledge in IBP, Sales or Manufacturing and ideally also in S/4 HANA
- Profound knowledge of business processes in at least one SAP logistics module
- You like being part of the application management team and the support team and value a task combination of SAP development and Application Management Services (AMS) support
- Some ABAP skills and coding understanding would be very helpful
- Strong analytical, customer-oriented mindset and an independent as well as committed way of working
- You have a bulgarian work permission, speak English fluently, German is optional

### YOUR BENEFITS

### WHO WE ARE

**CONSILIO** offers companies excellent consulting services in the digitization and automation of company-wide business processes. Our consultants combine procedural and functional technical SAP application know-how with the aim of improving the competitiveness of companies through the effective and efficient use of standard software. Well-known national and international companies place their trust in us and build on our many years of experience, competence and innovative strength. Because we understand them.
